INTRODUCTION

Simpson's sermons as found in the periodicals are in a separate binding. Herewith are various articles that occur both in the Alliance periodicals and Living Truths, 1902 - 1907. They are listed separately and published both in chronological and alphabetical order.

At the time of this publication, the earliest periodicals, 1882 - 1898, were not available to me. The articles in them will be compiled as soon as possible.

Another project is the compilation of Simpson's editorials.
