

# Coaching Character

Character is tough to teach in the classroom, but it can be coached. Keeping in mind that we want to coach people onto the harvest fields of ministry, we want to resource you with some sample sessions designed for coaching on the values that have been identified as critical components in the life of a disciple of Jesus heading into a calling. As we seek to help people connect their passion with God's purpose, here are the 7 values (<http://www.cmalliance.org/serve/resources>) for preparing your heart:

- Intimately love God
- Authentically love others
- Be Filled with the Holy Spirit
- Pursue Holiness
- Embrace God's Truth
- Live a Missional Life
- Commit to a body of believers
